

Learn To Be Fuel WISE

Emergency landings continue to occur because of fuel starvation. Learn how to prevent this type of incident from happening. You will benefit from the career experiences of as many as a dozen professional airline pilots. The presentation and discussion will be led by Doug Smith, former Delta and Air India Boeing 777 Captain. Learn from hearing real life scenarios, good and not so good, related to fuel management, as well as other topics. Ask questions and share your own thoughts. Don't miss the important aviation safety experience. Click the link below and register TODAY.

Directions: From Williston Rd So. Burlington take Valley Rd and turn left at the end. Parking at the VFA yellow hanger.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
